### What Will You Learn At This Special Training

FirstClass ED® is an innovative education development application designed to Seamlessly integrate with the FirstClass communications and collaboration platform. Offering a robust set of tools for both teaching and learning, FirstClass ED delivers the flexibility to extend education beyond the traditional brick and mortar classroom setting – providing a cost-effective and easy-to-use solution for automating and enhancing the process of learning.

Teachers will learn to:

- Manage classes from their computers
- Use the course map, helping students study for tests
- Complete assignments without ever picking up a pen
- Turn assignments into a presentation
- Use class calendars to plan your week
- Share their portfolio
- Have class discussions from home
- Visit your teacher online
- Get class and school announcements online
- Get extra help in your own time
